

Suggestions for Parking for Institute Workshops:

For extended workshops, we recommend you park somewhere where you won't have to worry about your car. Below are two suggestions which are quite practical. We recommend getting to the parking structure no later than **30 minutes in advance of your class** in order to park and get to the Institute on time. Earlier, of course, would be safer.

The Beverly Center is about 7 blocks to the west of us. It will cost you \$8.00 to park all day. Park on the Bloomingdales side, take the escalator down to the street, walking just a few steps to Third St. Cross La Cienega on Third Street walking down to 8233 W. Third St. Entrance is around back off the alley off Harper Ave. It should take around 15 minutes.

- OR -

The Grove is about 8 blocks to the east of us. Parking is off Third on The Grove Drive. After parking you must find your way to Third Street. Walk west on Third Street for about 8 blocks to Harper Ave. The entrance is off the alley off of Harper next to Banner Packing. Parking all day will cost you \$12.00 The walk should take about 20 minutes.
